### REMARKS/ARGUMENTS

In response to the Examiner's Amendment of the Notice of Allowance of May 25, 2006 the Applicant respectfully submits the accompanying Amendment to the claims and the below Remarks.

#### *Regarding Amendment*

In the Amendment:

independent claim 1 is amended to direct the claimed invention to a --print media and printing fluid cartridge--, to clarify that --drive means-- couples with the print media feed drive mechanism and to replace the "printing fluid secondary cartridge" with --printing fluid first cartridge--;

dependent claims 4 and 5 are amended to replace the "printing fluid secondary cartridge" with the --printing fluid first cartridge-- of amended claim 1;

dependent claim 19 is amended to replace the "print media feed means" with the --print media feed drive mechanism-- of claim 1, to provide clear antecedent for the "drive means" of claim 1, and to omit "primary" from recitation of the cartridge;

dependent claims 20-22 are amended to replace the "paper feed drive mechanism" with the -- print media feed drive mechanism-- of claim 1;

dependent claim 23 is amended to replace the "print media feed means" with the --print media feed drive mechanism-- of claim 1; and

dependent claims 2 and 6-18 are unchanged.

It is respectfully submitted that the Amendment does not add any new matter to the present application, nor any new issues to the prosecution of the present application.

#### *Regarding Examiner's Amendment*

It is respectfully submitted that the above-described amendments to the claims provide clearer language as required by the Examiner.

It is further respectfully submitted that the claimed invention is properly directed to a "print media and printing fluid cartridge" as amended above, rather than a "printing fluid cartridge" as proposed by the Examiner, based on the present claim language and the description of the present invention at page 13, line 1-page 15, line 12 of the specification.
